

Speed Box 2

This box determines the speed signals of two wheels and passes the higher value on. This enables the logging of vehicle speed even with one wheel locked.

Size	40 x 40 x 38 mm
Weight	89 g
Environmental	IP65

Operating temperature	10 ... 60°C
-----------------------	-------------

Input	2 x KPSE 120061-28
Output	1 x KPSE 6E8-3AP-DN

Supply voltage	6 ... 18 V
Supply current	4 mA

Speed Box 2 incl. cable harness	B 261 208 281
Speed Box 2	B 261 208 284
Cable harness	B 261 208 285
